THURSDAY EVENING, AUGUST 25.

**PAPER PLATES.**—The latest application of paper is the adoption of paper plates by some of the great restaurants and cafes in Berlin. The innovation was first introduced during the summer of last year by the idyllic restaurant of a much frequented and open air restaurant. Every customer who ordered bread and butter, rolls, cakes, buns, or similar articles had them served to him on a little paper plate, made of a light paper mache, adorned with a pretty border of red, and having at the first glance a very satisfactory appearance. What a blessing it would be to have kitchen refuse washing and breaking could be abolished by paper plates so cheap that they might be used once and thrown away.

Artified?  
There is a rest remaining. Hast thou none?  
There is a sacrifice. Lift up thy head:  
The lovely world, and the world alike,  
Ring out with a long eternal, a happy note—  
"Thy Father loves thee."

I believe that virtue shows quite as well in rage and patches as she does in purple and blue. I believe that she and every beautiful object in existence claims some sympathy in the breast of the poorest man who breaks his rusty loaf of daily bread.—Dickens.

"Now, then, what's your papa's name, Freddie?"  
"Dunno." "Dunno, you know your papa's name? Why, what does mama call him?"  
"Bute."

It is said that kerosene will remove stains from furniture. It has also been known to remove the furniture, stoves and all, with the stove and a servant girl thrown in. Dickens.

No room is large enough to comfortably accommodate one fat man and one lean mosquito.

Cats and acrobats are both fond of summer nights.

Ask your druggist for a copy of "Young Men's Friend"—and read it!

BROWN CHEMICAL COMPANY, Baltimore, Md.

GOOD REASONS FOR THE DOCTOR'S FAITH.

MONROE, Ga., March 22, 1880.  
We have for twelve months been prescribing ("Swift's Syphilitic Specific") in the treatment of Syphilis and many other diseases for which it is recommended, and the results have been most satisfactory, not having been disappointed in a single instance. We think, for all diseases it is recommended to cure it stands without a peer, and that all the medical profession will sooner or later, be forced to acknowledge it in the treatment of syphilis as a *sine qua non*.
